Applying the elements earth, water, fire combined with nature and its serenity ensures a setting of peace and tranquility...

COLOUR INSPIRATIONS

Colours are available as:

- ◆ concrete floor finish ◆ plaster finish ◆ brush- or spray-on wall coating and
- ◆ swimming pool marble plaster. A range of sealers are available for different effects.

We recommend using the colours indicated on this chart as guideline to create the desired atmosphere.

Samples of the different shades can be matched and formulated on your request.

Please feel free to bring an example of your colour scheme like carpet, cupboard tops, tiles or such.

Products are suited for interior- as well as exterior use.

Our products are made of raw natural materials. Possible uneven appearance, textures and colour variations give each application its individual character and should not be considered as imperfections.
